

# Nice to meet you.

## WE'RE YOUR NEW AND IMPROVED IT SUPPORT PARTNER

As a purpose-driven business, your mission goes beyond profit – you're creating meaningful change. However, the complexities and risks of IT can sometimes feel like they're slowing you down. ITGUYS exists to change that. We believe you deserve IT solutions that work for you, not against you. We're here to ensure your technology supports your vision, not complicates it. Our mission is to give you the freedom to focus on what truly matters: growing your business and making a positive impact.

In today's fast-paced, digitally-driven world, managing IT can feel overwhelming, especially when your focus is on growing a purpose-driven business. ITGUYS delivers IT Freedom to London-based BCorp and socially responsible businesses, ensuring you're protected from the complexities and risks of technology. Our proactive approach enables you to focus on your mission while we handle the tech.

## WHY IT FREEDOM MATTERS TO YOU

Today, every business, regardless of size or mission, depends on technology. However, managing it internally or with a friend and family approach often leads to distractions, inefficiencies, and potential security risks. Even if you have support, having a supplier that understands your unique challenges and commitment to the environment matters. ITGUYS was created to ensure you don't have to worry about IT. We take the burden off your shoulders so you can devote your energy to what matters: growing your business, driving impact, and staying aligned with your sustainability goals.

For purpose-driven companies, we know that it's not just about business success. It's about leaving a lasting, positive impact on the world. Our tailored IT solutions help safeguard your data, optimise performance, and maintain business continuity, ensuring your IT infrastructure supports your mission every step of the way. And we do this with sustainability and the planet in mind at every step from best energy saving practices to refurbished laptops to save water we are always exploring ways to deliver more.

## OUR APPROACH: TAILORED, PROACTIVE, AND PURPOSE-DRIVEN

At ITGUYS, we don't offer one-size-fits-all solutions. We begin by understanding your business, assessing your IT risks, and tailoring a strategy that suits your unique needs. Our services are designed to eliminate IT headaches, reduce downtime, and enhance operational efficiency.

- Managed IT Services:** Comprehensive, proactive IT support that keeps your systems running smoothly.
- Strategic IT Consulting:** Expert advice to align your IT strategy with your business growth and sustainability goals.
- Cybersecurity:** Advanced security measures to safeguard your data and protect your business from threats.
- Business Continuity:** Ensuring you're prepared for any disruptions with reliable backups and disaster recovery solutions.

Our packages are designed to grow with your business. From essential services that cover the basics to premium offerings that ensure maximum protection, we provide the right level of support based on your specific needs and risk profile. Discover the benefits' freedom from the stress and headaches of IT delivers.

## OUR CLIENTS LOVE US

*"I love that I don't have to think about my IT. That feels weird, right? But it's true. If it is so important operationally and you don't have to think about it, gives me the bandwidth to worry about other things. ITGUYS have dropped everything to ensure we're up and running. I continue to be really impressed with their commitment to us."*
